

Web Programming Lab #3

(due date: see blackboard)

You will be creating a stylesheet

File

Your stylesheet

Format (all lowercase)

[firstInitial][lastname]_lab02.css

Example

smiller_lab02.css

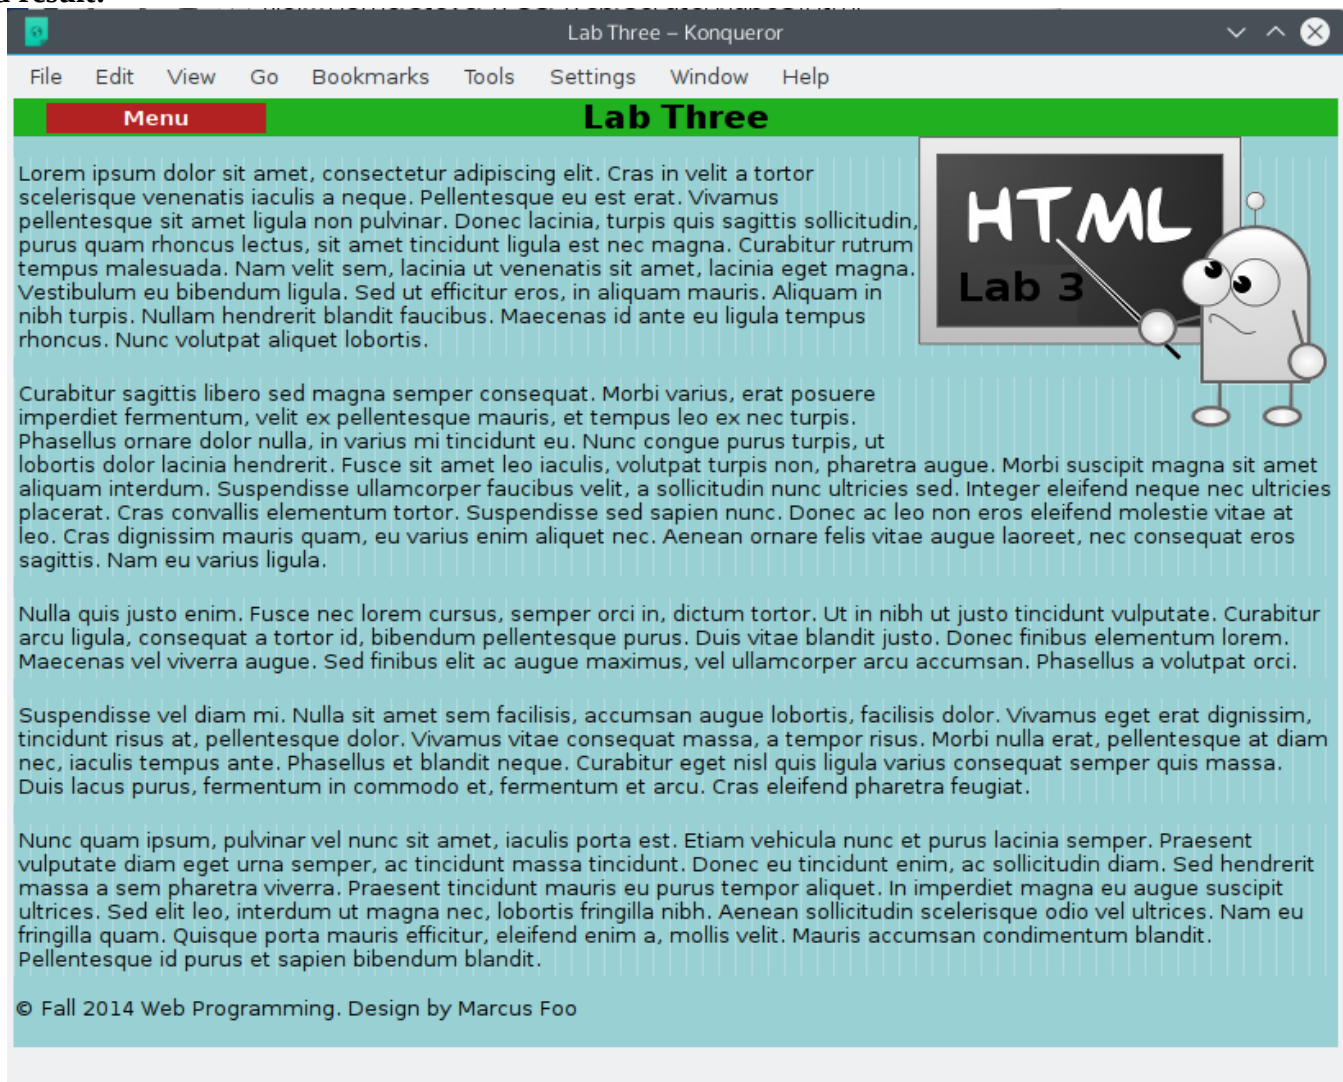

This stylesheet will be used by an existing page named lab02.html. Do not modify the html file other than updating the link to point to your new stylesheet.

Images that are available to use in your CSS and included on Blackboard:

bg.png

logo.png

End result:

See included blackboard image for a better resolution of this image.

Web Programming Lab #3

(due date: see blackboard)

Example of rollover menu, when hovering over “Menu”

Special Handling:

When the page is printed, it should NOT display the menu and the background should be white without the background image.

Submission:

Submit ONLY your stylesheet to Blackboard.

Validation:

HTML5 = <http://validator.w3.org/check>

CSS3 = <http://jigsaw.w3.org/css-validator>
